

## NOTICE TO COMPETITORS #4

19:59 hours April 18, 2019

RE: Preferred Non-emergency/Rounding Check-in Communications Method

The Race Committee is declaring phone communication as the preferred non-emergency communications method for checking-in with the Race Office at mark roundings. (Southern Straits Classic SI 21.7)

**The Race Office phone number is 604-921-7575**

The Race Office, through the Delta Lifeboat, will be monitoring VHF 73 for mark rounding communication. The Delta Lifeboat will respond to mark rounding check-ins and issue confirmation numbers.

Start Area and Finish Line communication requirements are unaltered by this notice.

This notice does not remove a Boat's obligation to monitor or utilize VHF channels in other contexts within legal or race requirements.
